## Tasks

- Register and Configure Site C Phone 1 according to the telephony number scheme.
  - This phone should display globalized calling number, "+85270044001", on the top right hand corner of the phone screen.
  - Extension-to-Extension dialing at each site uses the last four digits only, calling name display should be delivered on internal 4-digits calls – use trivial caller names such as "Site C Phone 1".
  - Make sure the phone displays the correct local time in 24 hour format and that the date display is arranged as dd-mm-yy
