

The Web

- **The Surface Web**
 - Content indexed by search engines (Google) and accessed freely - wikipedia.org, cnn.com, twitter.com
- **The Deep Web**
 - Web pages that are not indexed
 - Password protected content: email, medical records, online banking, CMS
- **The Dark Web - DO NOT ENTER WITHOUT A REASON**
 - Onion services that run in the Tor Network (accessed only with the Tor browser).
 - The anonymity of both the client and the website are preserved.
 - Mainly used for criminal activities
 - Example of Onion address (dark web site): <http://3g2upl4pq6kufc4m.onion/>
