

6.1 Linux Logging

▶ /var/log

- messages
- boot.log
- dmesg.log
- secure
- wtmp
- btmp

RSYSLOG

▶ /etc/rsyslog.conf

- (facility.priority) [log location]
- mail.notice /var/log/mail

▶ supported facilities

- auth, authpriv, user, kern, mail and local0 through local7.

▶ levels of priority

- Emerg, Alert, Crit, Err, Warning, Notice, Info, debug (0 → 7)

A person is seen from behind, sitting at a desk in front of a large window. The scene is bathed in a warm, orange-yellow light, likely from the sun setting or rising. The window shows a blurred view of a cityscape with buildings and a body of water. The word "Demo" is centered in the image in a white, sans-serif font.

Demo

Thank You!
