

```
StreamBuilder(  
  stream: MyBloc.outputStream,  
  builder: (BuildContext context, AsyncSnapshot snapshot) {  
    return Container(); // El nuevo Widget a dibujar  
  }  
}
```

```
@override
```

```
void dispose() {  
    super.dispose();  
  
    miBloc.dispose();  
}
```
